

New York Electrical Inspection Agency Electrical Code Class

2017 NEC Article 680 Requirements Pools / Hot Tubs / Spas / Storable Pools

~ Date ~

Wednesday - May 22, 2024 from 4:45 pm - 7:00 pm

~ PROGRAM DETAILS ~

- New York Electrical Inspection Agency is hosting a class on Wednesday, May 22, 2024, from 4:45 PM to 7:00 PM, focusing on the electrical requirements for swimming pools as outlined in the current 2017 National Electrical Code (NEC).
- The class will delve into Article 680 of the 2017 NEC, covering topics on the electrical systems for swimming pools, storable pools, and hot tubs.
- The cost of attendance is \$20, which includes the session, informational handouts, pizza, and drinks. Due to limited seating, advanced signup is required.
- This class two (2) hour class is for you if you install, maintain or, inspect swimming pools and/or hot tubs. Gain indispensable insights to uphold code compliance and ensure safety. Led by experienced local electrical inspectors, ensuring strict adherence to current NEC standards and local regulations. Secure your spot by reserving early.
